EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

The phrase "the tops" (claim 13, line 2) has been changed to --the bottoms--.

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art fails to teach a combination of all the limitations as claimed in the independent claim 1, wherein the claimed invention comprising a primary lens frame having a pair of primary lenses and a pair of primary magnetic members, wherein each primary magnetic member magnetically couples to a corresponding magnetic member in one of the sockets of the eyewear platform from the top, thereby securing the primary lens frame to the eyewear platform; and an auxiliary lens frame having a pair auxiliary lenses and a pair of auxiliary magnetic members, wherein each auxiliary magnetic member magnetically couples to a corresponding magnetic member in one of the sockets of the eyewear platform from the bottom, thereby securing the auxiliary lens frame to the eyewear platform such that the auxiliary lenses are disposed in front of the primary lenses, as claimed. The prior art does not disclose or fairly suggest, by themselves or in combining with any other reference, to meet a combination of all the limitations as claimed in claims 1,6,10. Therefore claims 1-13 could be allowable over the prior art of record.
